Website: https://shaunw0814.github.io/

Objectives: Computer Science student with strong communication skills, team player, and a self-starter attitude looking for an internship starting from May 2021. Bringing experience in object-oriented programming and the ability to code with a variety of languages.

Education

University of Florida
Gainesville, FL

- **Major:** Bachelor of Science in Computer Science   Expected Jun. 2023
- **GPA:** 3.91 / 4.00
- **Relevant Coursework:**
    - C++ programming
    - Java programming
    - Discrete Structures
    - Data Structures and Algorithms
    - Information and Database systems
    - Engineering Statistics
    - Professional Communication for Engineers

Skills

Coding Languages: C++, C#, Java, HTML, CSS

IDEs: IntelliJ, BlueJ, Visual Studio

Languages: Chinese and English

Projects

Minesweeper

- Designed and debugged an algorithm that updates visuals for a minesweeper game through vector and map implementations.
- Built with SFML (Simple and Fast Multimedia Library) in C++ on Visual Studio.

Image Processor/Editor

- Developed an image editor to change pixels and apply filters on image files.
- Created with Visual Studio using C++ and concepts of file I/O.

Portfolio Website

- Built a personal portfolio website that visualizes aspects of my resume using HTML and CSS
- Updated weekly and hosted on Github

Involvement

C# teacher | MSD coding club   2020-2021

Introducing interested members to the basics of C# (loops, variables, and functions) and made monthly projects. Organized monthly curriculum and weekly meetings.
